TEN PLUS

FINS AND BATTENS

ARCHITECTURAL PRODUCTS LTD.

ENHANCE YOUR ARCHITECTURAL VISION WITH ALUMINUM FINs & BATTENS

At Ten Plus, we are industry leaders in designing and manufacturing superior extruded aluminum sun control systems, including fins, and battens. Our products seamlessly blend functionality, durability, and aesthetic elegance to elevate building facades. Whether you're envisioning streamlined horizontal designs or bold vertical features, Ten Plus offers precisely tailored solutions that enhance energy efficiency, minimize glare, and redefine architectural sophistication.

Why Choose Ten Plus Aluminum Fins & Battens?

Sustainably Sourced Materials: Our aluminum fins & battens are eco-friendly, fully recyclable, and designed with sustainability in mind — supporting your green building goals.

Customizable Solutions: Tailor our fins & battens to meet your unique project needs with custom lengths, profiles, and finishes that align perfectly with your vision.

Industry Expertise: With years of experience in architectural manufacturing, we offer not only top-tier products but also unparalleled support throughout your project's life cycle, from concept to completion.

Elevate Your Projects with Exceptional Architectural Design Solutions

Innovative Facades. Seamless Integration. Timeless Aesthetics.

Our architectural aluminum fins & battens provide versatile, high-performance solutions for building facades, screening devices, and design accents. Engineered with precision and crafted to meet the highest standards, our fins & battens transform any structure into a modern, aesthetically pleasing proposal, delivering unmatched durability and design flexibility that adapts to any project.

OUR VERSATILE ALUMINUM FINs & BATTENS ENHANCE A WIDE RANGE OF BUILDING TYPES, INCLUDING:

Corporate Offices

Boost facade aesthetics and employee comfort.

Educational Institutions

Optimize lighting and energy savings in classrooms.

Retail Spaces

Create inviting exteriors while reducing heat build-up.

Residential Complexes

Combine privacy, comfort, and energy efficiency.

EXCEPTIONAL FINISHES FOR EVERY VISION

Ten Plus products stand out with their wide range of robust and artfully crafted finish options:

Solid Colors: Achieve a sleek, modern look with a wide selection of vibrant solid colour finishes. Whether your design calls for bold contrasts or subtle sophistication, our range of shades ensures a perfect match with your architectural vision.

Wood Grain Finishes: Embrace the natural beauty of wood without the maintenance. Our wood grain finishes authentically replicate the warmth and texture of timber, offering a timeless, organic look that complements any design theme — indoors or outdoors.

Anodized Aluminum: For projects that demand a premium metallic sheen with enhanced corrosion resistance, our anodized aluminum finishes are the ideal choice. Perfect for high-traffic and coastal environments, anodized finishes ensure your fins & battens remain pristine for years to come, delivering a polished, enduring appearance.

Durability You Can Depend On

LONG-LASTING ALUMINUM

Our aluminum fins & battens outperform traditional wood and similar materials, offering unmatched resistance to weathering, pests, and rot. Built for endurance, these materials maintain their appearance and structural integrity longer than wood, even in the most challenging environments.

WEATHER & UV RESISTANT

Our aluminum systems are designed to withstand harsh weather conditions, intense UV exposure, and fluctuating climates without fading, warping, or cracking. This makes our fins & battens the perfect choice for projects requiring durability, stability, and low maintenance.

Architectural Aesthetics: Form Meets Function

CREATE STUNNING VISUAL ELEMENTS

Our aluminum fins & battens add a sophisticated depth and texture to building facades, creating striking visual elements that elevate the architectural character of any project. With sleek, modern lines and dynamic design options, they are the ideal choice for enhancing both contemporary and classic aesthetics.

VERSATILE SCREENING ELEMENTS

Our aluminum fins & battens add a sophisticated depth and texture to building facades, creating striking visual elements that elevate the architectural character of any project. With sleek, modern lines and dynamic design options, they are the ideal choice for enhancing both contemporary and classic aesthetics.

Designed for Maximum Flexibility

INTERIOR & EXTERIOR APPLICATIONS

From grand exterior facades to stylish interior feature walls, our aluminum fins & battens adapt seamlessly to any environment. Their lightweight yet sturdy design simplifies installation in a variety of settings, offering limitless design possibilities for architects and designers alike.

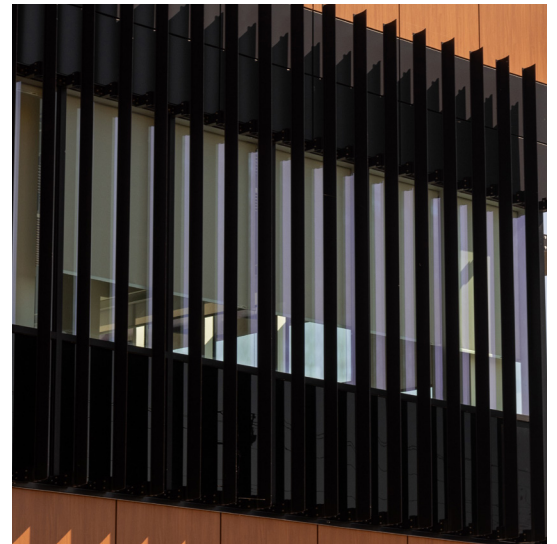

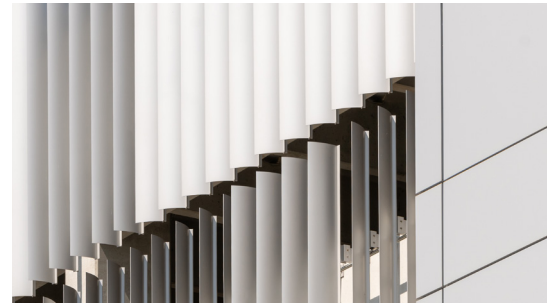

CEILING APPLICATIONS

Transform interior spaces with our fins & battens as ceiling elements. Whether creating a dramatic lobby ceiling or a cozy accent feature, our system allows for captivating overhead designs that enhance any space.

INTEGRATION WITH LIGHTING & MECHANICAL SERVICES

Enhance functionality with integrated lighting and mechanical systems. Our fins & battens can be customized to incorporate lighting fixtures, HVAC systems, and other mechanical elements, delivering a polished, cohesive look without compromising on design.

TEN PLUS

TEN Plus owes its success to the simple business philosophy of providing quality products, great service, and an unwavering commitment to customer satisfaction.

We accomplish our goals by investing in people and technology. We strive to improve productivity and optimize the use of our resources through investment in state-of-the-art equipment, training and the use of innovative design principles. Rigorous quality control and workplace safety practices ensure the well-being of our employees and business partners.

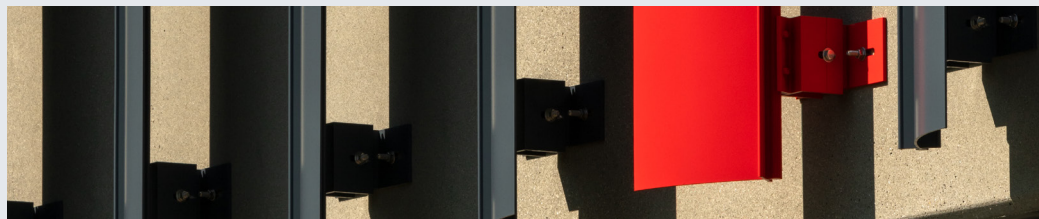

Our technical representatives possess comprehensive louver knowledge and extensive field experience. Each one is capable of assisting you through the design and engineering stage, as well as overcoming the unforeseen field conditions.

We trust that this catalogue will prove to be a useful aid and resource to selecting your louvers, sunshades and vision screens. However, should you have any questions or unique conditions requiring greater detail, please feel free to call us for assistance. Our staff is attentive to your needs and eager to serve you. We look forward to your call.
